

Warranty

NAPA Clutches and Flywheels warrants that its products are free from defects in both workmanship and materials. NAPA clutch sets, slave cylinders, master cylinders, prefilled clutch release systems, and flywheels are warranted for a limited period of 12 months or 12,000 miles (19,312 kilometers) from the date of installation (whichever occurs first) provided the clutch, disc, release bearing and pilot bearing are properly replaced, and the flywheel is properly resurfaced or replaced. This warranty does not cover failure or malfunctions resulting from use for high performance or racing purposes, accidents, improper application or installation, modification, alteration, improper servicing, tampering, normal wear and tear or abuse. This warranty is extended only to the owner of the vehicle on which the NAPA Clutches and Flywheels product is installed, for as long as that person owns the vehicle, and is not transferable.

NAPA Clutches and Flywheels reserves the right to inspect any products in question and to make a judgment on the warranty claim. Product returned for a warranty claim must be returned to the NAPA store from which it was purchased, accompanied by a completed NAPA Alleged Detective Merchandise Tag. Submit all pertinent paperwork, including copies of the purchase receipt, repair orders, pictures (if applicable) and all paper relating to the warranty claim. NAPA clutch kit warranty claims must also include an invoice showing the flywheel was resurfaced or replaced at the same time of the original installation.

There are no warranties other than as specifically referenced in this document, and NAPA Clutches and Flywheels disclaims, whether express or implied, any and all warranties of merchantability and/or warranties of fitness for use for a particular purpose.

Under no circumstances shall NAPA Clutches and Flywheels be liable for indirect, consequential, incidental or punitive damages regardless of whether such claim is based upon breach of contract, tort, strict liability or otherwise.

This warranty does not cover the following:

- Product returned without all original components.
- Products that have been altered, improperly installed or damaged by accident, negligence or misuse.
- Products damaged by excessive heat caused by slipping.
- Clutches with bent or broken drive straps.
- Oil- and grease-contaminated clutches or discs.
- Discs with bent or broken damper assemblies, broken or missing damper springs or damaged hub splines.
- Discs or release bearings installed backwards.

Consider replacing the following parts in all cases as they cannot be inspected for damage visually: clutch cable, slave cylinder, and master cylinder.

For application, diagnostic or installation questions, contact your local NAPA store or the Technical Hotline at 1-800-274-5001.

NO PERSON IS AUTHORIZED BY NAPA CLUTCHES AND FLYWHEELS TO MODIFY OR ADD TO THIS LIMITED WARRANTY
