The buyer is responsible for registering the unit with the **MANUFACTURER**. If the unit is not registered, the buyer is responsible for maintaining proof of the purchase date of the unit. The warranty coverage period begins on the date (the "Effective Date") of purchase, as established by the buyer, or otherwise on the date of manufacture as indicated by the serial number. **No warranty claim examination shall commence until the unit is registered with the MANUFACTURER.**

Non-consumables or parts that are not associated with a maintenance service interval because of normal wear shall be warranted for a period of three (3) years from the Effective Date or 4,500 hours of operation, whichever occurs first.

The heat exchanger chamber/combustion chamber shall be warranted for a period of ten (10) years from the Effective Date or 15,000 hours of operation, whichever occurs first. The Furnace Limited Warranty includes 100% of parts coverage for heat exchanger replacement during the first five (5) years from the Effective Date or 7,500 hours of operation, whichever occurs first, with prorated coverage (from the Effective Date) for the remainder of the ten (10) year term.

Parts (including heat exchangers) replaced during the original equipment warranty period as detailed herein shall carry either a one (1) year warranty from the date of purchase or the remainder of the factory warranty for the original equipment, whichever occurs last. In no event shall a part replaced under the original warranty carry a warranty that extends beyond one year from the expiration of the original factory warranty period.
