

STATEMENT TO VEHICLE OWNER

This is a FREE limited warranty with purchase of any Pennzoil® motor oil. No one may charge you for it. It covers fifteen (15) engine parts lubricated by motor oil against lubrication-caused failure. It does not extend the vehicle manufacturer's limited warranty. It contains certain conditions, exclusions and service requirements. When you enroll in the Pennzoil Lubrication Limited Warranty Program, please read the terms and conditions of the program carefully to understand your rights. Save all your receipts for oil changes and engine maintenance. To review the terms and conditions of the Pennzoil Lubrication Limited Warranty, please visit www.pennzoil.com.

Individuals or professional associations, or corporations that own or lease vehicles and are primarily obligated for their service and repairs performed at a retail service center qualify for our program. Those vehicles that are used in commercial, agricultural/farming or competitive racing conditions do not qualify for our program.
