

Section 1 Identification.

Product name:

NOCO® Battery Corrosion Preventative

Product code:

NW728288

Other means of identification: Not available.

Recommended use: Place on battery post to fight battery corrosion and prolong battery life.

Manufacturer: For Balkamp by The NOCO Company Glenwillow, OH 44139

Emergency telephone number of the company: (800) 424-9300

Information telephone number of the company: (800) 456-6626

Section 2 Hazards identification.

GHS label elements:

Hazard pictograms:

Health: 1 - Slight hazard

Flammability: 1 - Slight hazard

Reactivity: 0 - Least hazard

Personal protection: B - Glasses and gloves

Precautions:

Avoid contact with strong oxidizing agents. Extended exposure to high temperatures may cause decomposition.

Protective gloves are recommended for long or prolonged use.

Wash hands with warm soap and water after handling.

Avoid contact with eyes.

Section 3 Composition/information on ingredients.

% by weight	CAS Number	INGREDIENT	PEL PPM	TLV PPM	TLV MG/M3	UEL
82	Proprietary	Mineral oil	None	None	5.0	N/A
1.9	67-56-1	Methanol	200	200	-	250

Section 4 First aid measures.

Ingestion: If swallowed do not induce vomiting, give 2 or 3 cups of milk or water to drink. Seek medical attention. The product contains mineral oil, which if aspirated into the lungs through vomiting, may result in chemical pneumonia.

Inhalation: If irritation of nose or throat develops, move away from source of exposure and into fresh air.

Eye Contact: For direct contact, flush the affected eye(s) with gentle stream of clean water for at least 15 minutes. If irritation persists; seek medical attention.

Skin contact: Do not use gasolines, thinners, or solvents to remove products from skin. Remove contaminated clothing. Cleanse affected area(s) thoroughly by washing with mild soap and water and, if necessary, a waterless skin cleaner. If irritation or redness develops and persists, seek medical attention.

Section 5 Firefighting measures.

Flash point: 475-COCF

LEL: N/A

UEL: N/A

Extinguishing media: Extinguish with carbon dioxide, foam, dry chemicals, water spray, sand, or earth. Foam may cause frothing. Note that while fog extinguishers are also acceptable, do not apply a direct stream on burning product because it may cause spreading and increase fire intensity.

Special firefighting procedures: Wear self-contained breathing apparatus and protective clothing.

Section 6 Accidental release measures.

Steps to be taken in case material is released or spilled: Wash down any excess liquid with water.

Waste disposal method: Dispose of product in accordance with local, county, state and federal regulations.

Section 7 Handling and storage.

Precautions to be taken in handling and storage: Avoid contact with strong oxidizing agents. Extended Exposure to high temperatures may cause decomposition.

Other precautions: Do not consume, avoid contact with eyes, thoroughly wash hands after handling.

Pursuant to prop. 65: Proposition 65 applies to a list of chemicals named by the Governor of California as carcinogens or reproductive toxins. Warning requirements for specific chemicals take effect one year after they are added to the Governor's list. Other chemicals already added to the Governor's list will be regulated later under Proposition 65.

Section 8 Exposure controls/personal protection.

Respiratory protection: None.

Protective gloves: Recommended for prolonged or repeated contact.

Eye protection: Safety glasses

Ventilation: None

Other protective equipment: None

Section 9 Physical and chemical data.

Boiling range: Above 550 °F

Appearance & odor: Red, lubricant-like with a mild odor

Volatile: Negligible

Vapor density: Heavier than air

Solubility in water: Insoluble

Specific gravity: 930

Evaporation rate: Slower than ether

Melting point: N/A

Section 10 Stability and reactivity data.

Stability: Stable

Incompatibility: Avoid contact with strong oxidizing agents. Extended Exposure to high temperatures may cause decomposition.

Hazardous decomposition products: Thermal decomposition in the presence of air may yield major amounts of oxides of carbon and minor amounts of oxides of sulfur and nitrogen.

Hazardous polymerization: Will not occur.

Section 11 Toxicological information.

Communication of physical property, health, and safety information is a key factor in our product safety program. With this information you can better fulfill your obligation to educate exposed personnel in the proper handling techniques required to maintain safety in the workplace. Listed in this section is NPCA-HMIS classification for this product.

HMIS classification code:

Health: 1 - Slight hazard

Flammability: 1 - Slight hazard

Reactivity: 0 - Least hazard

Personal protection: B - Glasses and gloves

Unusual hazards:

None known.

Routes of entry:

Ingestion and skin. Avoid eye contact.

Effects of overexposure to skin:

Short term skin contact is not expected to cause skin irritation. Prolonged or repeated contact may cause redness, burning, and dermatitis.

Eye:

This material may cause eye irritation. Direct contact may cause burning, tearing and redness.

Inhalation:

This product has low volatility and so is not expected to cause respiratory tract irritation.

Ingestion:

Ingestion of this material may cause irritation to the digestive tract.

Medical conditions generally aggravated by exposure:

N/A

Chemical listed as carcinogen or potential carcinogen:

N/A

Section 12 Ecological information.

There is no evidence that this would cause adverse ecological effects.

Section 13 Disposal considerations.

Disposal methods: Dispose of product in accordance with local, county, state and federal regulations.

Section 14 Transport information.

DOT (domestic surface): Non-regulated.

IMO/IMDG (ocean): Non-regulated.

ICAO/IATA (air): Non-regulated.

Section 15 Regulatory information.

SARA hazard: None (not listed - Title III, Section 313)

Carcinogenicity: This product is not considered a suspected animal carcinogen by the National Toxicity Program, the International Agency for Research on Cancer, or the Occupational Safety and Health Administration.

Pursuant to prop. 65: Certain raw materials used in making this product may contain small amounts of materials as impurities which are regulated by Proposition 65.

Section 16 Other information.

Prepared on: May 18, 2015

The above information pertains to this product as currently formulated, and is based on the information available at this time. Addition of reducers or other additives to this product may substantially alter the composition and hazards of the product. Since conditions of use are outside our control, we make no warranties, express or implied, and assume no liability in connection with any use of this information.
