

## MagnaFlow 49-State Catalytic Converter Warranty

MagnaFlow warrants that this catalytic converter is free from defects in material and workmanship. This catalytic converter has been designed and manufactured to meet the emissions performance requirements specified by the Federal EPA and the California Air Resource Board (CARB.) When the vehicle is properly maintained, the catalytic converter is warranted to meet such requirements for 25,000 miles from the date of installation. MagnaFlow further warrants the catalytic converter's external shell and end-pipes (those being attached during the original manufacturing process and otherwise unaltered during installation) against defects in material and workmanship, for 5 years or 50,000 miles, whichever comes first, from date of installation.

The MagnaFlow warranty is void if the catalytic converter is not properly installed on the vehicle for which it is designed and cataloged, if it has been altered or repaired, or if it has been damaged by negligence, accident or mishandling. MagnaFlow assumes no liability for catalytic converter failures related to engines not operating within original equipment specifications, to vehicles with an illegal add-on device or modified part, or to use specialty fuels, lubricants or additives.

For sales in California and installations on vehicles registered in California, this warranty covers the full replacement cost, including parts and labor, for all other sales, this warranty provides a replacement part only, provided that the part is returned to an authorized dealer, along with the proof of purchase and properly completed warranty claim certificate. If the warranty claim relates to emissions performance, proof of failure of emissions inspection test or presence of an OBD-II Diagnostic Trouble Code indicating Insufficient Catalyst Efficiency must be provided. Documentation showing the vehicle's current state of tune is also required. MagnaFlow reserves the right to determine what constitutes the vehicle's proper operating condition.

No other warranty expressed or implied, including merchantability, applies to the catalytic converter, nor is any person or company authorized to assume any other warranty. MagnaFlow does not assume any responsibility for any consequential damages occasioned by the catalytic converter, or inconvenience or interruption in any operation. The warranty gives you specific legal rights. You may also have other rights that vary from state to state. There is no warranty on 1.) clogged converters, 2.) melted or contaminated substrates, or 3.) noise levels.
