Bosal warrants all exhaust systems parts against defects in workmanship and material when used on passenger cars and light trucks under normal operating conditions for as long as the original purchaser owns the vehicle on which they were originally installed and Bosal continues to offer the warranted parts. This warranty shall not apply to any exhaust system part which has been subject to abnormal use, negligence, or blown out by "backfire", accident, nor does it cover labor charges or any claim incidental to replacing a defective part. This warranty is not directed to consumers, but only to buyers for resale. Bosal's obligation under this warranty is limited to replacement of the worn out or defective part. Only parts designated "Extended Warranty Eligible" are covered under this program. Your invoice to the customer must accompany all claims. All defective merchandise is to be held or returned freight prepaid for the inspection by this manufacturer who will make disposition as the condition warrants. Final decision as to whether or not merchandise is actually defective is to be made by manufacturer. This warranty does not cover modified exhaust or emission systems or converters that have been modified or installed on a vehicle for which they have not been cataloged.

Information or assistance regarding a warranty claim may be obtained by writing or calling:
