

BALKAMP – CARLYLE TOOL

CHQ - Warranty Code 724 – 1 Year Repair & Return

This NAPA product line is warranted against defects in material & workmanship for a period of one year / 12 months from the date of the original purchase.

Carlyle Professional Hand Tools warrants to the original purchaser that the company's torque wrenches are free from defects in material or workmanship during the one year / 12 months' warranty period. We will repair any manual click torque wrenches which fail to give satisfactory service due to defective workmanship or materials (excluding calibration) for one year / 12 months from the date of original purchase. (Calibration is only covered by this warranty for each new unused torque wrench out of the box.) Products must be returned with proof of purchase, freight prepaid, to the warranty service center listed below.

This warranty excludes torque wrenches which have been subjected to abnormal use, accident, neglect, or lack of maintenance. Any modification, disassembly of this wrench or repair by an unauthorized service center will void the warranty.

This warranty gives you the specific rights. You may also have other rights which vary from state to state. The foregoing obligation is Carlyle Professional Hand Tools sole liability under this or any implied warranty and under no circumstances shall Carlyle Professional Hand Tools be liable for any incidental or consequential damages.
