Warranty Period:

Aftermarket CARB-compliant converters are warranted for emissions performance of 5 years or 50,000 miles and the physical integrity of the shell and pipe for 5 years or 50,000 miles, whichever comes first.

Conditions for the Warranty to be Valid:

NAPA® CARB-compliant converter warranty is conditioned upon the converter being properly installed on the vehicle for which it is designed and cataloged and the said vehicle maintained in proper operating condition. NAPA® will, at its option, (a) pay the consumer purchase price of the defective converter (labor and associated parts are not included, where permitted by law) as a credit toward the purchase of a compliant replacement converter; or (b) replace any such defective converter provided that it be returned to an authorized dealer along with the proof of purchase and properly completed warranty certificate. In California, NAPA® will cover the full replacement cost including parts and labor for any such defective converter provided that it be returned to an authorized dealer along with the proof of purchase and properly completed warranty certificate.
