	Product is compatible with standard fire-fighting a	agents.
Further information	: Standard procedure for chemical fires.	
Special protective equipment for firefighters	: In the event of fire, wear self-contained breathing	apparatus.

## SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures	Persons not wearing protective equipment should rom area of spill until clean-up has been complete	
Environmental precautions	Prevent further leakage or spillage if safe to do so	
Methods and materials for containment and cleaning up	Keep in suitable, closed containers for disposal. Soak up with inert absorbent material (e.g. sand, s acid binder, universal binder, sawdust).	ilica gel,
Other information	Comply with all applicable federal, state, and local	regulations.

## SECTION 7. HANDLING AND STORAGE

Advice on safe handling	: For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area.
Materials to avoid	: No materials to be especially mentioned.

eering measures : General room ventilation should be adequate for normal conditions of use. However, if unusual operating conditions exist, provide sufficient mechanical (general and/or local exhaust) ventilation to maintain exposure below exposure guidelines (if applicable) or below levels that cause known, suspected or apparent adverse effects.

Respiratory protection :	No personal respiratory protective equipment normally required.

Eye protection : Not required under normal conditions of use. Wear splashproof safety goggles if material could be misted or splashed into eyes.
