

## Safety Data Sheet (SDS) LITTLE TREES IN A CAN Aerosol Air Fresheners

### Section I – Product and Company Information

Product Identifier: LITTLE TREES IN A CAN Aerosol Air Fresheners  
Product Use: Consumer Product, Automotive Air Freshener  
Manufacturer: CAR-FRESHNER Corporation  
21205 Little Tree Drive  
Watertown, NY 13601  
Telephone number: + 1 315 788-6250  
Transportation Emergency Number: +1 315 786-4026

Australian Importer: Tisco Australia  
61 Carrington St. Nedlands  
WA 6009 Australia  
Telephone number: 08 6389 1000

### Section II – Hazard Identification

This product has been classified in accordance with the Globally Harmonized System of Classification and Labeling of Chemicals (GHS) and the Australian Work Health and Safety Regulations.

Hazard Classification: Gases Under Pressure, Compressed Gas  
Signal Word: **Warning**  
Symbol:

Hazard Statements: H280 Contains gas under pressure; may explode if heated.  
Precautionary Statements: P410+P403 Protect from sunlight. Store in a well ventilated place.

### Section III – Composition

Chemical Name	CAS Number	%/wt
Ethanol	64-17-5	1 - 5
Propellant - Contents under pressure with Nitrogen gas.		

### Section IV – First Aid Measures

Eye Contact: Flush with water for 15 minutes.  
Skin Contact: Wash affected area with soap and water.  
Inhalation: Remove to fresh air.  
Ingestions: Rinse mouth with water and obtain medical advice.

*If irritation persists, seek medical attention.*

### Section V – Fire Fighting Measures

Extinguishing Media: Use carbon dioxide, dry chemical, water spray or foam.  
Hazardous Combustion Products: None Determined.

Fire Fighting Equipment: Fire fighters should wear full protective clothing and self-contained breathing apparatus (SCBA).

Precautions: Non-flammable aerosol. Contents under pressure – cans can explode in a fire or may become a projectile in a fire.

HazChem Code: 2TE

#### Section VI – Accidental Release Measures

Containment: Contain and release contents and eliminate sources of ignition.

Clean-up Procedures: Follow local and national regulations for proper waste disposal.

Special Instructions: None

#### Section VII – Handling and Storage

Safe Handling Precautions: Keep away from heat/sparks/open flames.

Safety Storage Precautions: Protect from sunlight. Do not expose to temperatures exceeding 49 °C/120 °F.

For information on the design of the storeroom, reference should be made to the Australian Standard AS 2278-2000, non-refillable metal aerosol dispensers of capacity 50 mL to 1000 mL.

#### Section VIII – Exposure Controls/Personal Protection

Exposure Limits: No exposure value established for this material by Safe Work, Australia. However, the available exposure limits for ingredients are listed below:

Substance	TWA	STEL
Ethanol	1000ppm 1880 mg/m <sup>3</sup>	-----

Engineering Controls: Provide sufficient ventilation to keep airborne levels below the exposure limits.

Personal Protection: None required for normal consumer use. Gloves may be needed if there is a spill and employees are cleaning up any spilled contents of the aerosol container.

#### Section IX - Physical and Chemical Properties

Appearance: Aerosol air freshener with characteristic aroma. Clear to opaque pressurized liquid.

Odor: Multiple aromas

pH: 9.3 – 9.8

Melting point/freezing point: Not Applicable

Initial boiling point: Not Determined

Flash Point: 46-50 °C/115-122 °F (D-56)

Flame Projection: <18 inches (US CPSC 1500.45) – United States  
No flame projection (CCCR, Schedule 1) - Canada

Flashback: None

Explosive Limits: Not Applicable

Evaporation Rate: Not Determined

Vapor Pressure: Not Determined

Vapor Density: Not Determined

Relative Density: Not Determined

Solubility: Soluble in water

Specific Gravity: 0.980 – 1.005

Partition coefficient (n-octanol/water):

Auto-ignition temperature: Not Determined

Decomposition temperature: Not Determined

Viscosity: Not Determined

#### Section X - Stability and Reactivity

Reactivity: None known

Stability: Stable under normal conditions. Contents under pressure. May explode if heated.

Possibility of Hazardous Reactions: Not determined

Conditions to Avoid: Keep away from heat and open flames. Don't puncture or incinerate. Don't store at temperatures over 49°C/120°F.  
Incompatibility: None determined  
Hazardous Decomposition Products: None determined

### **Section XI - Toxicological Information**

The fragrance used in this product is formulated to comply with the International Fragrance Association (IFRA) and CAR-FRESHNER Corporation's guidelines regarding their safe use in consumer products.

#### Routes of Exposure and Potential Health Effects

Eye: Contact may cause irritation.  
Skin: May be irritating to skin. Skin contact may cause allergic reactions.  
Inhalation: May be irritating to mucous membrane and upper airways.  
Ingestion: Unlikely to occur due to physical state of the product. However, if ingested product may be harmful and may irritate the gastric tract.

#### Toxicity Data

Acute Toxicity: Not considered to be a mutagenic hazard. Not considered a carcinogenic hazard.  
Contains no known carcinogens. Not considered to be toxic to reproduction.

Skin Corrosion/Irritation: Not expected to be a skin sensitizer.

Chronic Effects: Not considered to be a mutagenic hazard. Not considered a carcinogenic hazard.  
Contains no known carcinogens. Not considered to be toxic to reproduction.

Carcinogenicity: Product is not listed as a carcinogen by ACGIH, IARC, NIOSH, NTP, CARB or OSHA.

### **Section XII - Ecological Information**

This product is not expected to pose a hazard to the environment when the waste is properly handled.

### **Section XIII - Disposal Considerations**

*Follow local and national regulations for proper waste disposal.*

### **Section XIV - Transport Information**

DOT (United States): UN1950, Aerosol, non-flammable.  
Limited quantity (49CFR173.306(a)(3))  
ADG (Australia): UN 1950, Aerosols, 2.2  
Limited Quantity, ADG section 3.4 Special Provision 277, less than 1000 ml  
ICAO/IATA: UN1950, Aerosol, non-flammable, 2.2, Limited Quantity  
IMDG: UN1950, AEROSOLS, 2.2.  
Limited quantity (Special Provision 277, less than 1000 ml)

### **Section XV - Regulatory Information**

Federal Hazardous Substance Act (FHSA): Product is exempt from the provisions of the FHSA.

Toxic Substance Control Act (TSCA): Components are not on the TSCA Inventory.

California Proposition 65: This product does not contain Proposition 65 chemicals above thresholds and does not require warning labeling.

Australia: This product is classified according to the Work, Health and Safety regulations of Australia.

### **Section XVI - Other Information**

The information on this SDS was obtained from current and reliable sources. However, the data is provided without warranty, expressed or implied, regarding its correctness or accuracy. It is the user's responsibility to determine safe conditions for use, and to assume liability for loss, injury, damage, or expense resulting from improper use of this product.

Date of Preparation: May 12, 2016
