

PRODUCT GUARANTEES

FUEL INJECTION: All AUTOLINE multi-port fuel injectors, throttle air valves and throttle body injection units are guaranteed for 1 year from date of installation.

**** Note:** a) Commercial and off road applications for all product offerings except where noted, are guaranteed for 90 days from date of installation.

b) Any units failing due to defective workmanship or material within this period will be repaired, replaced or credited at the manufactures option. This warranty does not cover damages caused by faulty installation, by modification or by abuse.

c) Our guarantee will be null and void on any unit returned as defective due to dirt or other foreign substance, or if found to have been tampered with in any manner whatsoever.
