

# Cateran Inc Warranty

Cateran catalytic converters are designed to meet US federal EPA and Canadian EPA durability and performance standards for new aftermarket catalytic converters. Cateran Inc warrants that this catalytic converter is free of flaws in materials and workmanship and will conform to U.S. federal Environmental Protection Agency emission performance standards for a minimum period of 40,000km (25,000 miles) from the date of installation when the vehicle is properly used and maintained. Cateran Inc warrants that the stainless steel body and end pipes of the catalytic converter will last for a period of 5 years or 80,000km (50,000 miles) from date of installation, whichever comes first. At the end of the 5 years/80,000km or 40,000km period, whichever is applicable, all liability outlined in this limited warranty shall end. The front pipe and the manifold are warranted for 1 year or 20,000km.

Cateran Inc will replace any such defective converter provided that it is returned to an authorized dealer along with the proof of purchase and properly completed warranty certificate. If the warranty claim relates to emission performance, proof of failure of an emission test should be provided. Cateran Inc may request proof that the engine was tuned to original specifications and maintained in proper operating condition.

## **THIS WARRANTY IS STRICTLY CONDITIONAL UPON:**

- the new catalytic converter being properly installed on the motor vehicle for which it is catalogued.
- the ignition system, fuel system, engine and emission control equipment operating within the vehicle manufacturer's specifications PRIOR to installation and POST installation of the replacement and now warranted catalytic converter.
- the engine being tuned to the original manufacturer's specifications and used, serviced, repaired and maintained in proper operating condition at all times.

Failure to meet these conditions will void the warranty. Furthermore, this warranty does not cover converters that have been damaged from accidents, road debris, or the use of leaded fuels or fuel additives.

This warranty shall give you specific legal rights. The only obligation of the manufacturer under this warranty is to supply the purchaser with a new catalytic converter assuming all warranty conditions are met. You may also have other rights, which vary from state to state. Cateran catalytic converters will in no way result in unsafe conditions endangering the motor vehicle, its occupants or persons or property in close proximity to the vehicle, in their operation, function or malfunction.

**CATERAN INC. SHALL NOT BE LIABLE FOR DAMAGES OR INJURY TO PERSONS OR PROPERTY RESULTING FROM MISUSE OR IMPROPER INSTALLATION OF THE CATALYTIC CONVERTER.**
