

## EDGE High Mileage 10W-40

Strength for Maximum Performance

### Description

Castrol® EDGE® High Mileage™ is part of our strongest and most advanced range of full synthetic engine oils. It is engineered with fluid titanium technology to provide superior motor oil strength and help your vehicle to maximize performance.

As your car ages, its engine can lose performance and efficiency. Proper vehicle maintenance practice is critical to keeping an older engine performing at its best.

Castrol® EDGE® High Mileage™ is boosted with extra fluid titanium technology to increase its film strength and reduce oil film breakdown and friction.

### Application

Exceeds manufacturer's warranty requirements for applications requiring API SN.

### Advantages

Castrol® EDGE® High Mileage™ provides maximum performance in vehicles with 75K+ miles. Boosted with extra fluid TITANIUM technology to increase its film strength and fight power-robbing friction in higher mileage performance engines.

- Maximize short and long term engine performance on high mileage engines
- Reduce leaks, oil burn off and power-robbing deposits
