

Pro Stationary Air Compressor Warranty Program

Standard 1-Year Parts and Labor Warranty

Flexzilla Pro Stationary Air Compressors are covered for 1-Year parts and labor

Extended Parts Warranty Protection - **Industry Best!**

Protect your stationary air compressor investment with an extended warranty. Register at www.flexzilla.com/warranty-registration/ for either a four or six-year extended warranty. Requires use of the Maintenance Kit (#FKIT008AWB).

4-Year Extended Parts Warranty (Flexzilla Pro 5 HP Models Only)

- Standard 1-Year Parts and Labor Warranty
- Additional **3-Year** Extended Parts Warranty

6-Year Extended Parts Warranty (Flexzilla Pro 7.5 / 10 HP Models Only)

- Standard 1-Year Parts and Labor Warranty
- Additional **5-Year** Extended Parts Warranty

Limited Lifetime Pump Warranty Program (Optional) - **Industry Best!**

This Industry Leading Lifetime Pump Warranty is a "Preventative Maintenance Initiative" that ensures your Flexzilla Air Compressor continues to provide years of reliable service.

HOW IT WORKS:

1. Register for the Extended Parts and Limited Lifetime Pump Warranty Program within 6 months of date of purchase at: www.flexzilla.com/warranty-registration/
Note: This applies to stationary air compressors purchased after 7/1/2020.

2. The **Smart Oil Maintenance Kit** should be used twice annually to service and maintain your air compressor and pump. This can be purchased through Flexzilla or your local distributor. Contact us at compressors@flexzilla.com for more information.

3. If the pump fails, replacement parts will be expedited to repair the pump assembly. Contact us at compressors@flexzilla.com and include **Smart Oil Maintenance Kit** proof of annual purchases. The lifetime pump warranty coverage is limited to compressor pump parts only.

*Maintaining your air compressor with the **Smart Oil Maintenance Kit** once a year is required for Lifetime Pump Warranty coverage.*

Smart Oil™ – **Smart Oil Synthetic Oil** is a patented oil that bonds with internal metal surfaces in your air compressor pump. This bonding process will improve performance, energy savings, noise levels and increase the life of the system!

Compressor Concierge Service

The Flexzilla® Stationary Air Compressor Concierge Service provides a singular point of contact that serves as the liaison between the customer, technician, service provider, and parts department for all compressor needs from initial sale to scheduled maintenance. Warranty registration must be completed in order to utilize the full benefit of the concierge service and prior to initiating a warranty claim. The customer can also contact Legacy Mfg. for warranty, maintenance, or repair assistance by calling 800-645-8258 x820 or emailing compressors@flexzilla.com. Maintenance kits are available through

your local Flexzilla Air Compressor distributor. If a warranty repair is needed, the concierge will coordinate communication between the technician and customer to resolve the issue as quickly as possible. Once the service has been completed, the concierge will follow up with the customer to ensure satisfaction. To register your stationary compressor, visit www.flexzilla.com/compressor-warranty-registration/.
