

IRWIN®

Industrial Tools

IRWIN/WISE-GRIP HAND TOOLS- Lifetime Limited Warranty:

IRWIN warrants to the original owner that this product is free from defects in material and workmanship for its reasonable useful life. IRWIN MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, CONCERNING THE PRODUCT OR THE MERCHANTABILITY OR FITNESS THEREOF FOR ANY PURPOSE.

DEFINITION OF A VALID DEFECT:

A valid defect on IRWIN Hand Tools, is defined by a failure of the tool, which has developed when subjected to the normal usage for which the tools were designed. Some examples would include significantly worn or missing teeth, upper jaw pulling away, or a jaw completely worn or broken off.

DEFINITION OF NORMAL WEAR AND TEAR, NOT COVERED UNDER WARRANTY:

Through regular usage, tools will wear, as should be expected. Items such as springs and adjustment screws are available as replacement parts, but are not covered under warranty, and will not qualify for product replacement.

DEFINITION OF ABUSE, NOT COVERED UNDER WARRANTY:

Tools must be cleaned and lubricated regularly. If not properly maintained, rust and corrosion will develop, hindering the smooth operation of the tool, and possibly even causing the tool to freeze up completely. Using the tool in a way it was not originally intended, such as using a locking plier as a hammer, may cause the tool to bend or break. This warranty does not apply to product that has been damaged as a result of improper maintenance, accident or other misuse. This warranty is void if the product is repaired or modified in any way by anyone other than IRWIN. IN NO EVENT SHALL IRWIN BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.

Legal rights vary from state to state, so the above limitations may not apply to you if precluded by local law.
